SPECIAL NOTIGES.

WOMAN -FEMALES, OWING tions which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be hap-py who are ill Not only so, but no one of ese various female complaints can long be suffered to run on without involving the general licalth of the individual, and ere long producing permanent sickness and premature decine. Nor is it pleasant to usuit a physician for the relief of thes various delicate affections, and only upo the most argent necessity will a true wo man so far sacrifice her greatest charm as to do this. The sex will then thank us for dacing in their hands simple specifics whicwill be found efficacious in relieving anti-curing almost every one of those troubled complaints peculiar to the sex.

HELMBOLD'S EXPRACT OF SCCHU.-Hub. dreds suffer on in silence, and hundred of others apply vainty to druggists and doc rs, who either merely tantalize them will the hope of a cure, or apply remedies which has make them worse. I would not wish to asexhaustion of the powers of life, by laboricus employment, unwholesome air and tood, funded.

tressing complaints, it is most painful to actioneries ever displayed in our town .- classes of society, and which, consequently, mon to the most elegant and deligatful the entire human family. The manin that French artists. Russiss, Figs, Jellies, exists for proceedings education and marriage, causes the development to be wasted Also, a large and elegantly assorted as and perverted in the restraints of dress cially in the unhealthy excitement of ballroom. Thus, with body nulf-clothe 4, and the mind unitary "xcited by pleasure, perverting in midnigh, revel the hours de-

ed by nature or sleep and rest, the work of de truction is built accomplished. In consequence of this carls atrain apon her system unnecessary effort is required by the deficate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is ove another in prospective keeps the mind mor bidly sensitive to impression, while the now constant restraint of fashionible dress, ab utitely forbidding the exercise indispensi ble to the attainment and retention night air; the sulden change of temperatur the complete prostration produced by excessive dancing, must of necessity, produce their legitimate effect. At last, an eatry marriage caps the climax of misery, and gardiess of the plain dictates and ren strances of her delicate mature, becomes an unwilling subject of medical treatment. -This is but a truckful picture of the experi

ence of thousands of our young-women. Long before the ability to exercise the untions of the generative organs, they require an education of their peculiar neive ystem, composed of what is called the tissue, and tips, evidently under the control of men tal emotions and associations at an early period of life; and we shad subsequently ee, these emotions, when excessive, lead, long before puberity, to habits which sup the very life of their victims ere natura lias self-completed their development.

For Female Weakness and Debility, Whites or Leucorrhous, Too Profuse Men struction, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down Prolapsus Uters, we offer the most perect specific known! BUSINESS NOTICES.

NEW FAMILY Sewing Machine.

The Superior Merits of the

"SINGER" MACHINES OVER ALL OTHERS, For either Family Use or Man-

ufacturing Purposis. so well established and so generally admitted, that an enumeration of their relative excellence is no longer

QJR NEW FAMILY MACHINE

bousidered nucessary.

Has been brought to perfection regardle s of time, labor, or expense, and is now confidently presented to the public attention, as incomparably

The Best Sewing Machine in Existence !

The Machine in question is

SIMPLE, COMPACT, DURABLE.

It is quiet, light rinning, and Capable of Per-forming a Range and Variety of Work hever before attempted whom u SINGLE MACHINE! sing either Silk, Twist, Linen or Cotton

Using either Sifk, Twist, Linen or Catton Thread, and sawing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and aubstantial manner: Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and bractical, and have been invented and adjusted especially for this Machine.

this Machine, New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for ca-

being the new machine.
But a faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore, urga every person in quest of a Sewling Machine, by all means to examine and test, if they can possibly do so, all the leading rival machines before making a purchase. A selection can then be made understundingly. Branches or agencies for supplying the "Bioger" Marbines will be found in nearly every city and town thre' out the civilized world, where machines will be cheerfully exhibited, and any informa-tion promptly fermished. Or communica-tion may be addressed to the
